Etchings

by TigerPrawn

Summary

Artist Aiden becomes intrigued by a man he saw at his gallery opening.

Notes

not explicitly stated/described, but my idea for this AU is that Duncan retired after killing Camille's parents and then raised her as his niece but still has contacts in the business. Aiden and Viv are best friends so Blood & Chocolate didn't quite go the same and probably didn't have werewolves XD

Please scroll down to the bottom of the post for text version of this story. I've tried my best to lay it out, but any feedback from people using reading aids is appreciated!
